Finally, I just got off the phone with customer service and they also do a great job. This bank is driven by customer service and I am very happy that I have a bank with anderson brothers bank. September 2021 customer service is horrible. To speak ill of my accent saying that I am doing it on purpose should not be said at all, acting non-professional all the time. Then call again why I don't know. July 2021, I have had several loans with abb and I have 2 bank accounts that always provide good customer service! easy to work. you only got that feeling of hometown with them. love love abb! more comments (26) may also that anderson brothers bank is a branch of anderson brothers bank. provide the following services: location of the full service office and are located in 101 north main street in mullins south carolina. themobile and traditional to this location can be found below along with ratings, online banking website and additional banking information.
